| Venia Legendi (qualification to teach): | Management and Communication Organization, Consumer Behavior, and Communication Sociology and information. |
| Further Qualifications: | Management |

| | |
|---|---|
| At the Higher Education Institution since: | 2002 |
| Level of Employment: | since 2002 at Gunadarma University as a full-time lecturer |
| Teaching Focus: | Management and Communication |
| Interdisciplinary Aspects: | Management and communication organization and consumer behavior |
| Activities in the Areas: | |
| - Further Education | |
| - Research | Conducting research on the impacts of management and communication. |
| - Consultancy | Guiding students in conducting their research projects and Bachelor's thesis |
| How are personal research activities reflected in teaching activities? | Teaching and researching are to a significant extent inter-connected. While teaching, I observe, assess, provide feedbacks and evaluate. These steps allow data collection for subsequent analysis to gather evidence-based understanding for making necessary continuous improvement. Based on some research I conducted, clear rules, clear instructions, group works and peer assessments are important features of an effective classroom management I successfully apply in my classrooms. They are required to create a learning environment that is conducive, encouraging and also well-controlled as expected. |
