<b>Activities in the Areas:</b>	
- <b>Further Education</b>	
- <b>Research</b>	Conduct research on Digital Divide In Indonesian Online Mass Media Based On Web Metric Analysis
- <b>Consultancy</b>	Guiding students in conducting their research projects and Bachelor's thesis
<b>How are personal research activities reflected in teaching activities?</b>	Teaching and researching are to a significant extent inter-connected. While teaching, I observe, assess, provide feedbacks and evaluate. These steps allow data collection for subsequent analysis to gather evidence-based understanding for making necessary continuous improvement. Based on some research I conducted, clear rules, clear instructions, group works and peer assessments are important features of an effective classroom management I successfully apply in my classrooms. They are required to create a learning environment that is conducive, encouraging and also well-controlled as expected.

<b>Work experience:</b>	
- <b>General</b>	BNSP Competency Assessor in Junior Graphic Designer and Programmer scheme (2017-2023)
- <b>Activities as an Expert:</b>
